

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a harmful to this election and exhibits partisanship in a time when we need to come together as Americans. Please do not allow "Stolen Honor" to be aired and contribute to the festering wounds opened in the name of democracy. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest and pre-empting regular programming to air this filth seems to be not only unproductive, it sends the message that Sinclair has power that it definitely must not have. Do not permit such suffocating journalism to air and if the public wants to see it they can go to the movie theatre or rent it on dvd much like "Fahrenheit 911" was presented. Give us a choice and if Sinclair violates an order to not show this piece, take away their license... maybe then they will get it.
